

Financial Policy & Patient Responsibilities

It is Artificial Limb Specialists' policy to collect any monies due by the patient in a timely manner. This may include any fees for services not covered by insurance, co-insurance due by the patient, deductibles, and/or fees for administrative services. Payment for services is due in full at the time of delivery, and Artificial Limb Specialists may require a deposit at the time service is started if the patient's financial responsibility is significant.

We will make every effort to accommodate financial hardships and reserve the right to offer payment plans, discounts and/or billing of balances after delivery of the medical device. We will make every effort to communicate any potential cost to our patients, but occasionally, insurance or 3rd party payers may not report coverage eligibility and benefits accurately. Ultimately, the patient is financially responsible for any amount not covered by insurance (other than as specified by Medicare Policy).

Should you have a financial question or hardship, please speak with our office manager and we will do our best to accommodate you. Remember, your follow-up care is very important so please do not assume you cannot be seen.
